MEAE - Middle East Alternative Energy Institute

A member of AECENAR Applied Research Center

Process control system
Development with Siemens S7 technology

Construction of mechanical pieces with
CAD program ProEngineer

Solar vacuum pipe

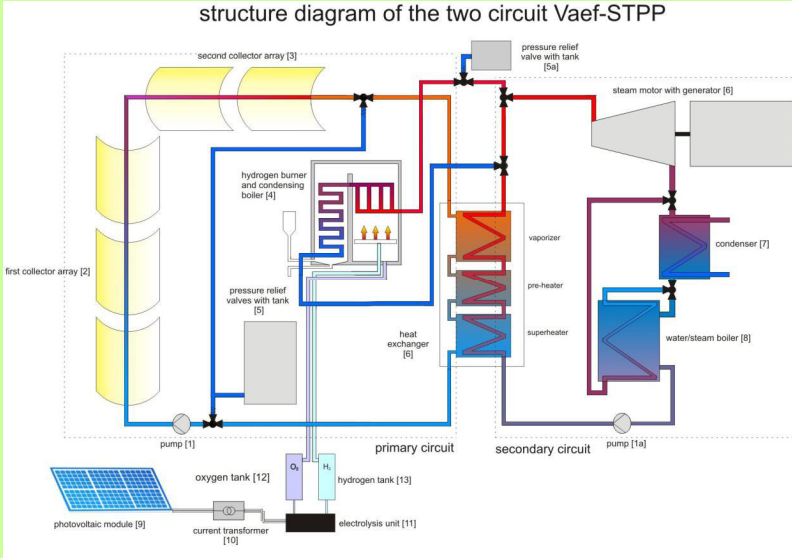

Manufacturing of solar parabol panels

Research fields

میادین الابحاث

ELEMENTS FOR SAFE MINI SOLAR THERMAL POWER PLANTS suited for private small solar/wind/combustion hybrid plants

- Development of **safe mini steam turbines**
- **NUMERICAL COMBUSTION: Simulation Models** for safe small combustion devices

MEAE Laboratory
